

Rachael Shane

PUPPETEER

This is a placeholder.

The real résumé PDF replaces this file at the same path:

`assets/rachael-shane-resume.pdf`

The Résumé page carries the same credits as HTML, which is what search engines read and what a phone opens without a download.

The PDF is for the casting director who wants one page to print.

Keep the two in step: the HTML is the source, the PDF follows it.
